

Stripper 2000

HEAVY-DUTY HOT IMMERSION LIQUID PAINT STRIPPER

- ◆ **No Additives Needed**
- ◆ **Lower Temperatures**
- ◆ **Lifting and Wetting Agents**
- ◆ **More Environmentally Safe**

Stripper 2000 is a highly alkaline single package liquid paint stripper. *Stripper 2000* will remove most modern finishes such as acrylics and epoxies and is effective on thick fluidized-bed epoxy coatings as well as most powder coatings. *Stripper 2000* contains no phenolics, chromates, volatile or hazardous solvents.

TYPICAL PROPERTIES:

Appearance	Dark Brown
pH of 1% Solution	> 13
Solubility	Excellent
Alkalinity	High

USING PROCEDURES:

Stripper 2000 is most economical when used at a 1:1 to 1:2 mix ratio with water at 160 to 240 deg. F. May also be used as received for shorter strip times.

MATERIAL SAFETY:

Stripper 2000 is safe to use for paint stripping on most iron and steel. Consult your Win Solutions representative.

STORAGE:

Stripper 2000 should always have the lid tightly closed when not in use. If frozen, thaw and remix.

SAFETY :

DANGER – HIGHLY ALKALINE LIQUID. Do not get in eyes, on skin or clothing
Please refer to the product label and Material Safety Data Sheets for all warnings, recommendations and other regulatory information. Copies of the Material Safety Data Sheets are available from the Win Solutions office or your local representative.
